FOR IMMEDIATE RELEASE

West Nile Virus Public Information Meetings Scheduled

(Sedgwick County, Kansas) – The Sedgwick County Health Department has scheduled two public information meetings for the first week of September. The first will be held on September 3 at the Derby Senior Center at 5:30 p.m., and the second will be held on September 4 at the main Health Department in the Auditorium at 7 p.m.

These meetings have been planned in coordination with the County's plan to monitor the virus. Each meeting will last approximately 30 minutes. Questions from the public will be allowed.

"We want the citizens of Sedgwick County to be aware of what we are doing and what they can do to prevent mosquito bites and contracting the West Nile Virus," said Chairman Ben Sciortino. "Most importantly, we want to make sure people are aware that there is no reason to panic."

For more information, please contact Kristi Zukovich at 660-9370.
